

# Tall Timbers Fire Ecology Conference 18th Proceedings

## The Longleaf Pine Ecosystem: Ecology, Restoration and Management

### Table of Contents

*Editor's Note* (p. vii)

*Contributors* (p. ix)

*Conference Dedication to Roy Komarek.* (p. xiii) James A. Stevenson

Second *E. V. Komarek, Sr. Fire Ecology Lecturer: Daniel Simberloff.* (p. xv) Ronald L. Myers

*Species-area and Fragmentation Effects on Old-Growth forests: Prospects for Longleaf Pine Communities* (p. 1) Daniel Simberloff

*The History of Longleaf Pine in Florida* (p. 15) William A. Watts

*Four Centuries of Changing Landscape Patterns in the Longleaf Pine Ecosystem* (p. 17) Cecil C. Frost

*Longleaf Pine Vegetation of the Southern Atlantic and Eastern Gulf Coast Regions: A Preliminary Classification* (p. 45) Robert K. Peet and Dorothy J. Allard

*Vegetation of the Longleaf Pine Region of the Western Gulf Coastal Plain* (p. 83) Paul A. Harcombe, Jeff S. Glitzenstein, R. G. Knox, Steve L. Orzell and Edwin L. Bridges

*Rare Vascular Plant Taxa Associated with the Longleaf Pine Ecosystems: Patterns in Taxonomy and Ecology* (p. 105) Joan Walker

*Characteristic Mammals and Birds of Longleaf Pine Forests* (p. 127) R. Todd Engstrom

*Amphibians and Reptiles of Longleaf Pine Communities* (p. 139) Craig Guyer and Mark A. Bailey

*Arthropods Associated with Xeric Longleaf Pine Habitats in the Southeastern United States: A Brief Overview* 159 George W. Folkerts, Mark A. Deyrup and D. Clay Sisson

*Genetic Variation in Longleaf Pine* (p. 193) James L. Hamrick, William J. Platt and Mark Hessing

*The Effects of Fire on Nutrient Cycles in Longleaf Pine Ecosystems* (p. 205) Norman L. Christensen

*The Impact of Temporal Variation in Fire Regime on Savanna Oaks and Pines* (p. 215) Alan J. Rebertus, G. B. Williamson and W. J. Platt

*Evaluating Effects of Season of Burn in Longleaf Pine Forests: A Critical Literature Review and Some Results from an Ongoing Long-term Study* (p. 227) Donna R. Streng, J. S. Glitzenstein and W. J. Platt

***Small-scale Disturbances in Longleaf Pine Forests*** (p. 265) Sharon M. Hermann

***Dynamics of an Old-Growth Longleaf Pine Population*** (p. 275) William J. Platt and S. L. Rathbun

***Regenerating Longleaf Pine with Natural Seeding*** (p. 299) William D. Boyer

***Growth and Yield in Naturally-Regenerated Longleaf Pine Stands*** (p. 311) Robert M. Farrar

***An Ecological Approach to Longleaf Pine Forestry*** (p. 337) W. Leon Neel

***Longleaf Ecosystem Restoration in the Wake of Hurricane Hugo*** (p. 339) George Bengtson, J. DePre, W. Twomey and R. Hooper

***Restoring Longleaf Pine Community Integrity*** (p. 349) Ronald L. Myers

***Societal Influences on Prescribed Burning*** (p. 351) Dale D. Wade

***Panel Discussion: Silviculture Effects on Groundcover Plant Communities in Longleaf Pine Forests*** (p. 357) Jeff S. Glitzenstein, Facilitator; Dennis Hardin, D. Bruce Means, Kenneth W. Outcalt, Joan Walker and Neal Wilkins

***Panel Discussion: Managed Longleaf Pine Forests and Red-Cockaded Woodpeckers*** (p. 371) Frances C. James, Facilitator; Ralph Costa, Ronald E. F. Escano and Jeffrey R. Walters

***Panel Discussion: Conservation of the Longleaf Pine Ecosystem*** (p. 385) Julie Moore, Facilitator; Lindsay Boring, Roger Dennington, Steven Gatewood, James Stevenson and Michael Webb

#### **POSTER ABSTRACTS** (p. 401)

***The Effect of Season of Burn on Reproductive Dynamics and Herbivory in a Longleaf Pine Savanna Groundcover Herb, *Pityopsis graminifolia****

Stephen J. Brewer and William J. Platt

***Long-term Fire Ecology of a Longleaf-slash Pine/Wiregrass Forest, Alapaha, Georgia***

Dale G. Brockway and Clifford E. Lewis

***The Red-cockaded Woodpecker in an Old-growth Longleaf Pine Forest: A Preliminary Report***

R. Todd Engstrom

***Sensitive Plant Species on the Apalachicola National Forest: An Introduction***

Robert Evans, Susan Carr and Rose Marie Boyle

***Co-occurring Populations of *Parnassia caroliniana* and *P. grandifolia*: Responses to Growing Season Fire***

Robert Evans, Susan Carr and Joan Walker

***Hypothetical Biological Rotation Ages for Longleaf pine on Sandhill Sites***

Thomas C. Fristoe

***Old-growth Longleaf Pine Stand Structure Under Conditions of Chronic Fire Exclusion***

Frank S. Gilliam

***Red-cockaded Woodpecker Cavity Trees in an Old-growth Forest***

Sharon M. Hermann

***Plant Size and Fuel Characteristics Influence Survival of Fire by Juvenile Longleaf Pines***

Susan A. Langevin and William J. Platt

***Preliminary Results of Efforts to Establish a Longleaf Pine Community with Natural Characteristics at the Blackwater Ecological Preserve, Zuni, Virginia***

Gerald F. Levy and Brian Courtney

***Florida Department of Natural Resources Management of Longleaf Pine Ecosystems***

Patricia A. MacLaren and James A. Stevenson

***Recovery of Shrubs in Longleaf Pine Forests and Embedded Seepage Savannas Following Early and Late Growing Season Burns***

Matthew S. Olson and William J. Platt

***The Long-term Effect of Selected Site Preparations on Wiregrass***

Kenneth W. Outcalt

***Restoration and Multi-aged Management of Longleaf Pine Forest on St. Marks National Wildlife Refuge***

Joseph P. Reinman, Joe D. White, Robin M. Will and John G. Fort, Jr.

***Ecological Concerns about Pine Straw Raking***

Michael P. Schafale

***The Potential Role of Fire Suppression in Upland Longleaf Pine Forest on the Catastrophic Decline on the Endangered Conifer, *Torreya taxifolia****

Mark Schwartz and Sharon Hermann

***The Upland Habitat Protection Project: A Response to Xeric Declines***

Leslie Hay Smith and Dale Jackson

***Herbicide Use in Understory Restoration of a Xeric Sandhill: First-year Results***

R. Neal Wilkins, Rosi Mulholland, Dan G. Neary and Wayne R. Marion

***Conference Participants*** (p. 415)

Note: Papers in this proceedings are presented in program order.
